Our employees are authorised to draw your attention to any failure to comply with the rules. In case of multiple violations, the employees are entitled to expel you from the hotel premises.

The following regulations must be taken seriously and must be followed at all times so that we can ensure that you enjoy a carefree adventure:

- It is mandatory to wear a face mask in **all areas** of Adventure Jungle Land.
- Please always maintain a safe social distance of 1.5 metres (approx. 5-6 feet)
- Should you have to wait in the cashier area, the minimum social distance has been visibly indicated through appropriate markings on the floor. The entry and exit to the cashier area of Adventure Jungle Land has a common access route. All guests must wear face masks in this area. Furthermore, separate lanes are also signposted by floor markings.
- Inside of Adventure Jungle Land, the various routes are also marked so that contact points to other guests are avoided wherever possible.
- Some of the playing facilities in Adventure Jungle Land are limited to a maximum number of guests. Please understand that this may lead to increased waiting times.
- Both the high-rope garden and the climbing wall must be reserved in advance: This can be done on-site at the info counter.
- There are public seating areas as well as seating in the “Hapa Hapa” restaurant.

Disinfection requirements:

- Hand sanitation dispensers have been placed at the entrances to the individual playground areas so that hand sanitation must take place prior to entering and upon leaving the individual playgrounds.
- Surfaces that are frequently touched (seating, tables, handrails, doorknobs, etc.) are disinfected every 30 minutes.
- In the sanitary facilities, you will be advised to keep the required minimum distance. In addition, above the wash basins we have posted explanations regarding the effective hand sanitation procedure.
- For playing facilities without any direct admission control, guests will be advised of the maximal permissible number of persons so that guests will be personally responsible for complying with the regulations. The employees will monitor the proper usage on an ongoing basis.

Thank you for your understanding.
